Click on Poster app to start designing

On the left you have the content, and in the central you can see the

Select Poster size (wether it is a

preset or a custom size)

You can also shwitch to a focus on the print or its look on the environment with the slider on the bottom

wal that it's being designed.

Also you have toolbars on top, which will allow you to:

- Adjust the size of the wall
 - Change the color of side walls
 - Add furniture and fixtures
 - Change media type
 - Add text
 - Add Augmented Reality

You can upload your own images using the *Upload* option, or use image banks using the proper tabs.

Take into account that you will need to activate those accounts first in the Backend

You can change the substrate type using the appropiate tool, or in the final check

Click on augmented reality

Change icon color

Open Google chrome You tube Look for suitable video

Dowload Link reader in your smartphone

Show the app.

Customers just need to point on the icon and the Link Reader app will run the video

Or you're decorating you corporate office you can link official company video or website

In the final check, you will see the total price of your order and other details before you place it.

You can also enter additional comments or request installation instructions.
